TRAVANCORE—*cont.*		
From the Resident—. Transmits copies of two letters from the Acting Commercial Resident at Anjengo relative to 3 Armenians who had landed there with copy of his reply thereto—states that a Communication took place between these people and the Dewan of Travancore at which the Minister of the Rajah of Cochin was present, and that an agent of the Dewan had stated to the Rajah of Cochin that the Dewan had received sure information that a considerable French force might be expected to arrive on the Coast of Malabar in the course of next January, that it had been required of the Rajah of Cochin to arm and train a certain portion of his subjects for the purpose of uniting with the Travancoreans and French in their endeavours to expel the English from the Country, but that the suggestions of the Dewan though powerfully enforced had been but sparingly adopted—states the Dewan of Travancore to have ordered a portion of the population of every district within Travancore to train to the use of the Bows and Arrows and that the Nayers have been ordered to drill constantly and to fire Ball Cartridges. In consequence of these and other daring acts on the part of the Dewan has considered it his duty to put the Officer Commanding the subsidiary force on his guard, and to apprize him of the inexpediency of waiting for an attack upon his position and pointed out to him the necessity of instantly detaching a Competent force to arrest the Dewan and to keep him in secure Confinement should a measure of this nature be known to be in agitation &ca., &ca.	13th. Do.	2267
From Ditto—. From thee Rsident—. States that the Dewan continues to pursue his plans of hostile preparation with encreased activity—Considers it probable that the Dewan designs to arm a number of Boats along the Coast for the purpose of interrupting the Coasting Communication by boat, and suggests the expediency of a Cruizer being stationed off the Coast to keep open the Communication.	20th. December.	2305

The Officer Commanding in Malabar has been directed to use his discretion with respect to ordering a party of Troops into the field for the purpose of checking any disposition to revolt that may appear in that province in consequence of the state of affairs in Travancore.	Do. ...	2316
